

My friends, any case of Kidney or Bladder trouble is serious if neglected. Watch for the symptoms and secure relief. The best Physicians say the old English prescription can't be improved on. It is Buchu, Juniper, Potassa, Lithium, Uva Ursi, Squills, and Podophyllin, put up in the convenient, economical and effective pill form. One who has used our pill recently said: "I have tried many Kidney Remedies, but your Kidney and Bladder Pills have given me more relief in a short time, than anything I have ever taken."

Normal School Notes

The Coconino Literary Society met last evening at its regular semi-monthly meeting, and a very enjoyable program was rendered. Miss McClendon gave "Sir Robert of Sicily" by Longfellow, followed by a debate—Resolved that Longfellow's "Gems" had more influence on the world than those of any other American Poet. Dr. Blome spoke on the affirmative and Prof. Gooding took the negative. Miss Halbert gave a reading on Longfellow's life, and the girls chorus entertained the members with two songs, after which the meeting adjourned.

The Utopian Literary Society had its regular meeting last Tuesday evening. Miss Hageley and Miss Hagerman each recited, then gave a dialogue. The program was filled in with a number of choice selections on the victrola. The program was very well received. As this was the last meeting of the society for 1913, officers were elected for the following year.

Chancellor Bradford lectured at the Normal auditorium last Friday evening. His subject was "America's Future," which is a rousing topic to every loyal citizen. All that he said was uplifting and inspiring and very effective. A part of the lecture was directed to the young men. In this, he pictured the ideal man, and the things for which he should stand and live. Mr. Bradford found an attentive and responsive audience, and several times was forced to wait until the applause died away, before he could continue. Indeed this was one of the best lectures ever delivered at the Normal and everyone was pleased with it.

Chancellor Bradford was the second of our season lecturers, and we trust that the next number will be as pleasing, as the first two have been.

DECLAMATORY CONTEST

Last year the students of the Northern Arizona Normal school entered into an oratorical contest for the first time. This year, in addition to that annual event another contest is on foot. Several of the students are in careful training for a declamatory contest, which is to take place at Normal Auditorium on the evening of Dec. 16. First prize is to be given by Mr. Jones of the Confection Den. Second and third prizes will probably be awarded also. The contestants are Beth Roth, Mary Hanley, Mabel Lee, Bessie Mulligan, Mary Carlson, Inez Earle and William Smith.

The public are invited to help lend enthusiasm to the occasion. A small admission fee will be charged.

The faculty can make many little hearts happy by giving them a passing grade for a Christmas present.

Cram exam, flunk trunk. Moral cram. Everybody has been reviewing everything he knows and mostly what he doesn't know this week so that Santa Claus will be good to him. Should you happen to join in with a conversation the seniors you might be led to think that the N. A. N. S. had been converted into a conservatory of music. The freshmen can be heard mumbling to themselves, amo amare amavi amatus, or hablo hablas habla etc. Others sound as though they might be going

over football signals, but when you listen a little close, you find that they are reviewing all the dates from 4000 B. C. up to the present time.

Williams Feels Earthquake

A very perceptible tremor was felt at Williams last week Friday afternoon at 16:05 o'clock which continued for several seconds. The vibrations came from the northeast and nearly every building was shaken to some extent, though no damage was done.

It is believed the source of the tremor was Howard Lake, about ten miles to the northeast, which is the site of an extinct crater and one of the largest in that region, famed for its creations in this class, and which in size ranks second to Sunset, near Flagstaff.

H. J. Fuller and wife were in Flagstaff a couple days this week in their auto. Mr. Fuller was on his way south to spend the winter. They will first visit Phoenix and from there go to the coast.

The Man Who Neglects Himself

When his condition points to kidney trouble takes an unwise risk. Backache, pain and soreness over the kidneys, nervous or dizzy spells, poor sleep, are all symptoms that will disappear with the regular use of Foley kidney pills. They put the kidneys and bladder in a clean and healthy condition. Will Marlar Pharmacy. Advertisement.
